The Light House Restaurant

The Light House Restaurant has been in existence for many years. However, it has been owned and operated by the Stork Brothers, Randall "Cootie" and Kendall, their mother, Erma and their wives, Jenny Sue and Jennifer, since 1983. Cootie and Kendall's father, Earl was the original owner and is now deceased.

The Stork Family, along with devoted employees, (who are mostly family, too) take great pride in serving the freshest and finest seafood on the Gulf Coast. The fish are caught by Cootie and family members, filleted and served piping hot to the customers.

The Stork Brothers also own Stork Seafood, where Kendall unloads the boats that bring in fresh Bay Shrimp for shipment to the Light House.

The crab claws are probably the largest and finest you'll ever try in a restaurant. They are specially selected by a local crab company, and then cooked in a batter that is simply delicious.

The Light House specializes in fresh foods that are prepared per-order and not pre-cooked. Please be patient, as this does take a little longer, but you'll agree, it's worth the wait!

We appreciate your visit to The Light House Restaurant and look forward to serving you again.
